

Create New Purchase Order

The purpose of the application is to allow the user to Create New Purchase Order.

The following are the process steps:-

1. Click on Purchase tab / Transactions / Purchase Order
2. Click **"Create New"** button

3. Fill in the vendor information. Textfields marked with **"x"** are mandatory

4. For Invoice Rule:

- Immediate if vendor request deposit
- After Delivery if vendor does not require deposit

5. Choose product(s) to add into the purchase order from the products drop-down list. It can be filtered by **"Product Brand"** to find specific products

6. Key in quantity for each product (Note: products' purchase price list must be created first)
