Create New Product Setting

1. Click **“Create New”** button at the right side of screen

The screenshot shows the 'Product Settings' window. On the left is a table with columns 'Mapping Code', 'Name', and 'Description'. The right side contains form fields for 'Name', 'Mapping Code', 'Vendor', 'Active' (checkbox), and 'Description'. At the bottom right, the 'Create New' button is highlighted with a red box, along with 'Save', 'Revert', and 'Delete' buttons.

2. Fill up the information on the form on the right side of the screen

3. Click **“Save”** button at the right side of screen when done.

4. Filter the product brand under the **“Product Setting Lane”** tab, fill up the information and click **“Enter”** or “”.

The screenshot shows the 'Product Setting Lines' and 'Assigned Branches' section. It includes a filter 'Filter By Product Brand: < Select All >' and a table with columns: Product#, Product Name, Vendor Product#, Vendor Product Uom, Minimum Order Qty, and Order Pack Qty. The 'Enter' button (plus icon) is highlighted with a red box.

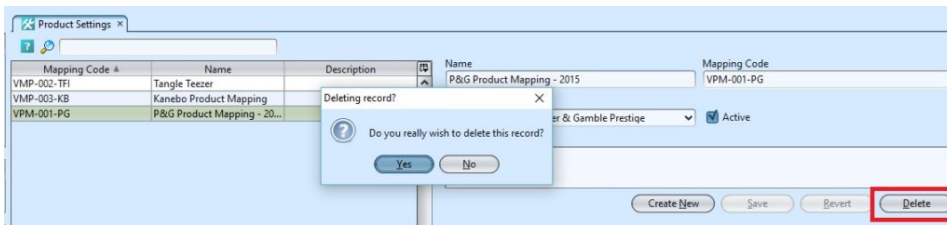

5. On **“Assigned Branches”** tab, a default branch (e.g. HQ) has been automatically assigned for the new price list. To assign another branch for the price list, select available branch from the bottom left table and click “” button in middle of screen

Update Product Setting

1. Double click on product to be updated, it will bring up the selected product details on the right side of the screen
2. Click **“Save”** button at the right side of the screen when done with the updates

Delete Product Setting

1. Double click on product to be updated, it will bring up the selected product details on the right side of the screen
2. Click on **“Delete”** button at the right side of screen
3. Click on **“Yes”** button on the pop-up window to confirm deletion.

View and Search for Product Setting Details

1. Enter search parameter to filter the result, i.e. type in the product name in the search textfield box at the bottom left of the screen.

Product Settings **Search Engine**
