

How to view ticket history in POS?

Retrieve all the tickets that has been done since opening of the cashier Register, tickets can be selected by date range. When do we retrieve such ticket information; when tracing a Discrepancy found during financial reconciliation.

The screenshot shows the 'Ticket History' window in POS Explorer. The window has a sidebar on the left with a tree view containing 'Transactions' (with sub-items: Point of Sale Entry, Control Point of Sale, Ticket History, Point Of Sale, Voucher, Print Product Tags) and 'Register'. The main area displays a table of transactions with the following columns: Date, Receipt #, Cash Register, Customer, Mobile, Sales Staff, Sales Amt, Sales Returns Amt, Grand Total, Points, Status, and Paid On. The table contains three rows of data:

Date	Receipt #	Cash Register	Customer	Mobile	Sales Staff	Sales Amt	Sales Returns Amt	Grand Total	Points	Status	Paid On
Mar 2, 2015	E-0002	Cash Register - Eby								Drafted	
Mar 2, 2015	E-0001	Cash Register - Eby	Elizabeth Tan Liz	766523450						Drafted	
Feb 27, 2015	CC-PFLTP00000	Cash Register - Patrick Laptop								Drafted	

At the bottom of the window, there is a status bar showing 'Status: < Drafted / Approved >', '3 Total MYR:', and navigation icons. The bottom-most bar shows 'Ticket List' and 'Ticket Details' tabs.
