Create New Tax Scheme

1. Click **“Create New”** button at the bottom right side of screen on **“Tax Details”** tab, it will create new form for data entry

The screenshot shows the 'Tax Rate' system interface. At the top, there are tabs for 'Tax Details' and 'Tax Comptroller'. Below the tabs is a search bar and a dropdown for 'Active / Inactive Tax Rates'. A table lists various tax rates with columns for Tax Code, Tax Name, Tax Type, Tax Rate, and Description. The 'EVAT' row is highlighted. Below the table, a form for 'Selected row 1 from the Total 11 records.' contains fields for Tax Code (EVAT), Tax Name (Expanded Value Added Tax), Tax Type (Output Tax), Tax Rate (12), Tax Account (2220-003 - Expanded w/tax Payable), Tax Comptroller (Bureau of Internal Revenue), and Withholding Tax. At the bottom of the form, there are checkboxes for 'Is Withholding Tax?' and 'Tax Paid By C & F Agent', a 'Confirmed' button, and a 'Create New' button highlighted with a red box.

2. Fill up the tax's information*.

- Tick **“Is Withholding Tax?”** checkbox if this tax is a withholding tax type. This tax rate will then be available for selection in the **“Withholding Tax”** list for tax combination.
- If this tax is a combination tax with withholding tax, select a tax from the **“Withholding Tax”** list. When this tax rate is used in transaction, the selected withholding tax will be applied as well.
- Tick **“Tax Paid By C & F Agent”** checkbox if this tax is paid by the carriage & forwarding agent*. This tax cannot be combined with **“Withholding Tax”** type or combination tax type listed above.

***Note:** Ticking the **“Tax Paid By C & F Agent”** checkbox indicates that this tax is being paid by the Clearing & Forwarding agent, thus the tax for this transaction will not be added on top of the transaction document total value.
