

Bank Reconciliations

To be Updated

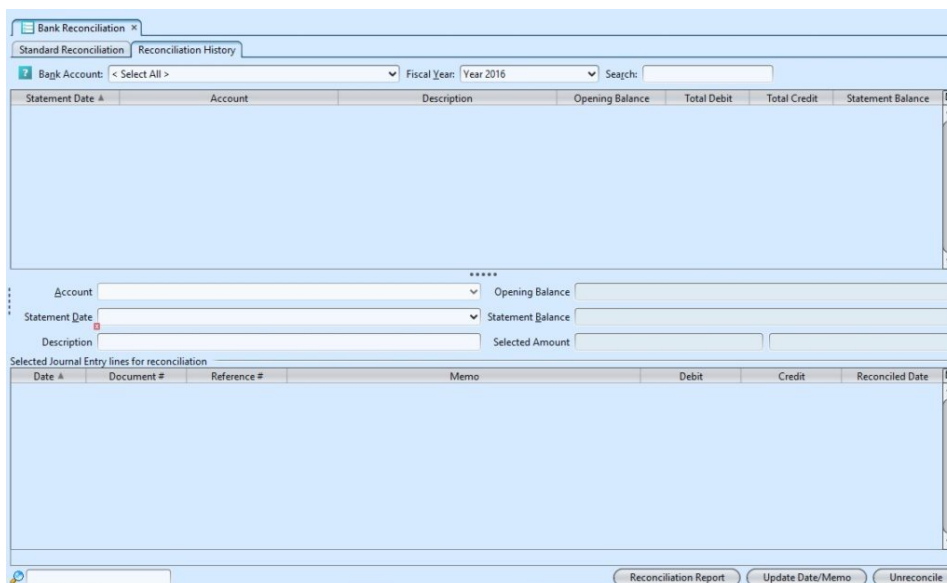

A bank reconciliation is a process performed by a company to ensure that the company's records (check register, general ledger account, balance sheet, etc.) are correct and that the bank's records are also correct. Below actions are available from "**Bank Reconciliations**":

 Create new bank reconciliation; update, delete, view and search for bank reconciliation details.

Date	Document #	Reference #	Memo	Debit	Credit	?
------	------------	-------------	------	-------	--------	---

Date	Document #	Reference #	Memo	Debit	Credit	?
------	------------	-------------	------	-------	--------	---

Create New Bank Reconciliation

1. Click on **“Create New”** at the top right of screen of **“Reconciliation List”** tab, it will open **“Reconciliation Details”** tab with empty form

2. Select an account from the **“Account”** drop-down list on top right side of screen. It will pull up all bank reconciliations for the account on **“Reconciliation Lines”** tab

3. Fill up bank reconciliation’s information on top half of the screen

4. In **“Reconciliation Lines”** tab, tick the box behind a bank reconciliation line to change the status to **“Reconciled”** to acknowledge reconciliation made for the bank reconciliation(s) owed. It will move the

reconciliation(s) to the bottom table and update the **“Opening Balance”** amount (top left of screen)
