6. For **Account Category**: Sample and Tester, the cost of the products classified under these two categories

will be expensed upon receipt of the products.

- When sample / tester products were purchased, after Goods Receipt was posted, any cost paid for the purchase of the sample / tester product will be expensed to the accounts set in the Account Category (see snapshot below). Cost of goods in Putaway will be \$0.
- For sample / tester products added using Stock Import, the unit cost entered must be \$0. Cost of goods in Putaway will be \$0.
- For sample / tester products added using Stock Adjustment (+QTY), cost of goods in Putaway will be \$0.
- For sample / tester products returned using Customer Returns, cost of goods in Putaway will be \$0.

User can set to which account(s) the expense should be posted, as highlighted in the snapshot of example below:

Update Account Category Details

1. On "Account Categories List" tab, double click on account category to be updated, it will bring up the details on "Account Category" tab for the

selected account category

2. Make change(s) on the account category's information
3. Click on **"Save"** button at the bottom of screen to save
4. Click on **"Revert"** button at the bottom of screen or refresh icon at the top of the screen to roll back the changes
