Description	Additional information or note for the containers type	N
-------------	--------------------------------------------------------	---

Create New Containers Type:

1. Click on **“Create New”** button at the bottom right of the screen.
2. Fill the information on bottom half of the screen
3. Click on **“Save”** button at the bottom right of the screen.

The screenshot shows a form for creating a new container type. The form is divided into several sections. At the top, there are three main fields: 'Container Type' (a dropdown menu with 'Pallet' selected), 'Container Code' (a text input field with 'FCL 40'), and 'Name' (a text input field with 'Forty Foot Container'). Below these are four smaller input fields: 'Length' (1,219), 'Width' (244), 'Height' (299), and 'Weight' (4,060). There are also two dropdown menus: 'Document Sequence' and 'Container Number Sequence'. At the bottom of the form, there is a 'Description' text area. In the bottom right corner, there are four buttons: 'Create New', 'Save', 'Revert', and 'Delete'. The 'Create New' and 'Save' buttons are highlighted with a red rectangular box.

Update Containers Type Details

1. Click on containers type to be updated, it will show the details at the bottom half of the screen for the selected containers.
2. Make change(s) on the containers type's information
3. Click on **“Save”** button at the bottom right of screen when done
4. Click on **“Revert”** button at the bottom right of screen

Delete Containers Type Details

1. Click on containers type to be deleted, it will show the details at the bottom half of the screen for

the selected containers.
