

Products

Products view allows user to create record of product's (master) details and it's accounts settings. User can also see price lists associated with the product, stock movement and usage.

Below actions are available under **"Products"**:

-  View the list of products by Account Category, Brands and Market
-  Create, revert and delete products.
-  Copy and close the product
-  Import master product(s)

The screenshot shows a software interface for managing products. At the top, there are filters for 'Account Category', 'Brand', and 'Market', all set to '< Select All >'. A 'Create New Product' button is visible on the right. Below the filters is a table with the following columns: Part Number, Product Name, Bar Code, Category #, Category Name, Brand#, Product Brand, and Status. The table contains 40 rows of product data, including items like 'Ctrl-A Beauty Balm', 'Black Label Nourishing Beauty Balm', and 'Doctor's Label Red Improve Purifying Mask'. At the bottom of the interface, there are tabs for 'Products List', 'Product Details', and 'Import Master Product(s)'. A status bar at the very bottom indicates 'Only Active Products' and 'Assembled / Non Assembled', along with a page number '1 - 100 of 127'.

Create New Product:

1. Click on **“Create New Product”** at the top right of screen of **“Products List”** tab, it will open **“Product Details”** tab with empty form

Part Number	Product Name	Bar Code	Category #	Category Name	Brand#	Product Brand	Status
BD01-003145	Ctrl-A Beauty Balm 40ml	887222157237	101	Regular Item	BD01	Dr. Jart	Confirmed
BD01-003146	Black Label Nourishing Beauty Balm SPF 25 (50ml)	621732100020	101	Regular Item	BD01	Dr. Jart	Confirmed
BD01-003147	Ceramidin Light Cream 90g	075987000367	101	Regular Item	BD01	Dr. Jart	Confirmed
BD01-003148	Doctor's Label Red Improve Purifying Mask	8032539292504	101	Regular Item	BD01	Dr. Jart	Confirmed
BD01-003148W	Doctor's Label White Improve Purifying Mask		101	Regular Item	BD01	Dr. Jart	Confirmed
BD01-003149	Ctrl-A Soothing Moisturizer 50g		101	Regular Item	BD01	Dr. Jart	Confirmed
BD01-003149	Ctrl-A Soothing Sun Protection Cream		101	Regular Item	BD01	Dr. Jart	Confirmed

2. Fill up product's information on the top half of screen. Fields in red color or marked with red **x** are

mandatory information.

There are 3 product types:

- Item / Article: item type that may have both revenue and / or expense
- Service / Charge: service / charge rendered to customer / by vendor
- Made To Order: manufactured type of product, made order to be deliver to project customer (Samooha Project only)

“Replacement For” and **“Replaced By”** are properties that are used only in the supply chain module. It will put the historical data for the products having **“Replaced By”** and combine it into the **“Replacement For”** product sales history. This will allow users to keep track of the historical performance of products when there is a product replacement (packaging, naming, etc...)

If product is assembled type, tick **“Has Bill of Materials”** checkbox. The **“BOM”** tab will then be available for user to enter the parts required to

assemble this product.

“Picking Method” defines how the product inventory will be handled during sales batch reservation / logistics picking process. This will use the default picking method defined in the application, but user can select a different method. Enter value of **“Shelf Life (Days)”** of product in number of days. This value is use to auto calculate an expiry date of the product if users did not enter specific manufacturing date in transactions.

There are 3 types of **“Picking Method”**:

- First Expired First Out (FEFO)
- First In First Out (FIFO)
- Last In Last Out (LIFO)

3. Click **“Save”** button at the bottom right side of screen to save. Saving a product record with **“Is Active”** checkbox ticked will confirm the product. Alternatively click on **“Confirm Product”** button at the middle of the screen to confirm the item.

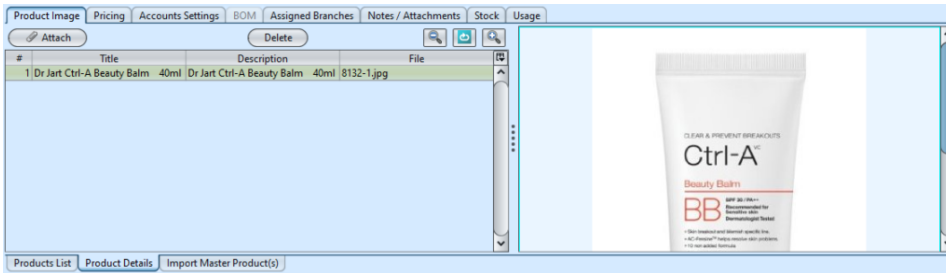

The screenshot shows a software interface for product management. The main form contains the following fields and values:

- Part Number: Loa12
- Product Type: Item / Article
- Bag Code: 11001511
- Product Brand: LOA - Locker
- Length (cm): 0
- Width (cm): 0
- Height (cm): 0
- Weight (kg): 0
- Picking Method: First Expired First Out (FEFO)
- Shelf Life (Days): 180
- Product Name: LOACKER MINI CHOCOLATE BITES 10 X 20 X 25GRAMS
- Category: 101 - Regular Item
- Market Category: F&B - Food & Beverage
- Trade Type: Both Sales/Purchase
- Country of Origin: IT - Italy
- Is Active:

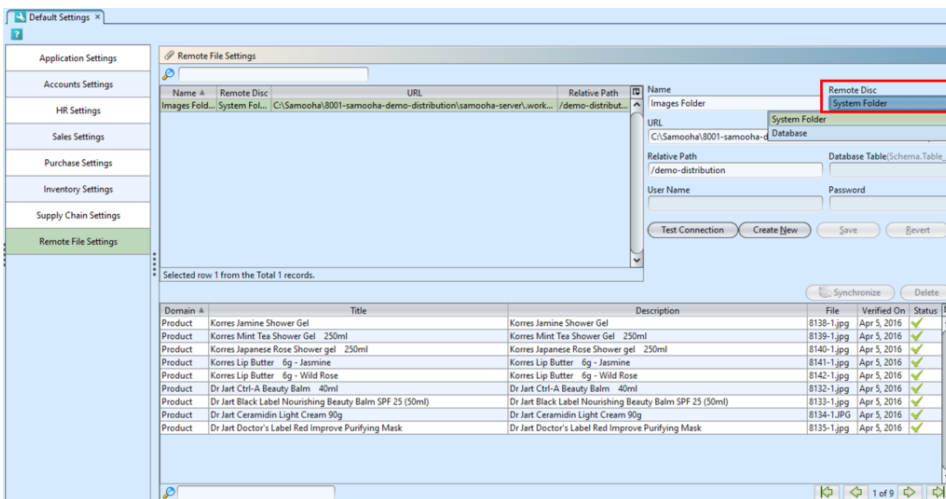

At the bottom of the form, there are several buttons: 'Copy Product', 'Confirm Product', 'Create New', 'Save', 'Revert', and 'Delete'. The 'Copy Product' and 'Confirm Product' buttons are highlighted with red boxes. The 'Is Active' checkbox is also highlighted with a red box.

Note: User is able to copy an already created product to generate a similar new product record by clicking on **“Copy Product”** button. This will allow user to quickly create multiple products records for the same group / brand. Please note that **“Part Number”** must be unique.

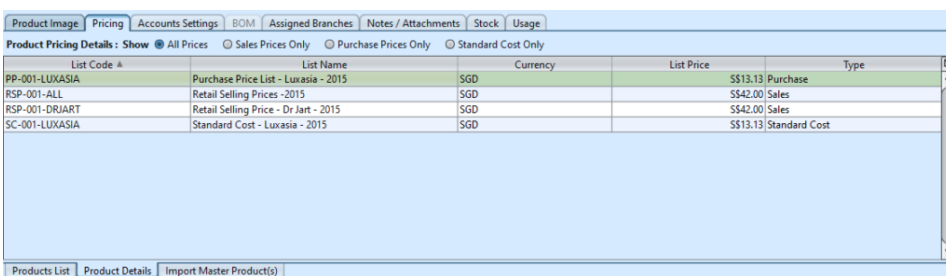

4. User can add image(s) in the **“Product Image”** tab

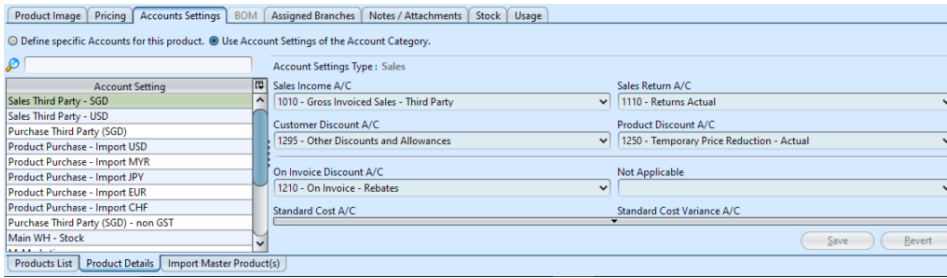

Admin only – Location to store images usually was setup by admin. The settings can be found under **“Organization (Settings) – Default Settings”**.

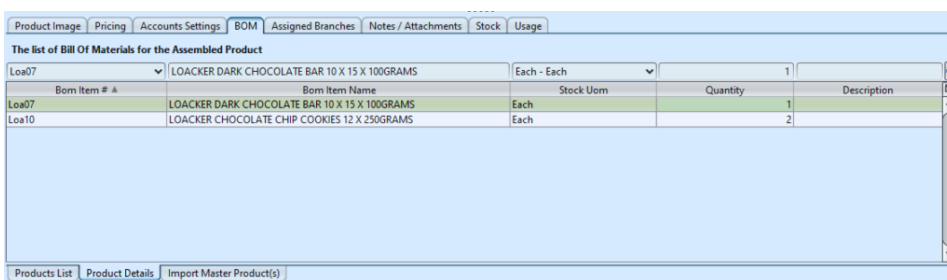

5. On **“Pricing”** tab, any price lists associated with the product will be automatically shown here when the price list was created, e.g. **“Sales Price List”**, **“Purchase Price List”**, etc.

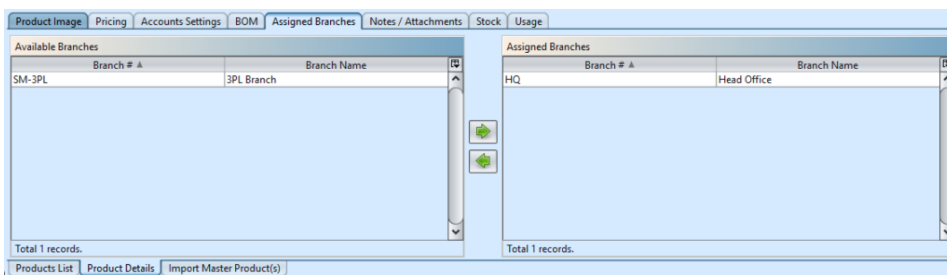

6. Accounts settings for the product will be shown on **“Account Setting”** tab. These settings shows which accounts were used for postings of sales / purchase / inventory transactions of the product.

7. If the product is an assembled product type (**“Has Bill of Materials”** checkbox was ticked), **“BOM”** tab will be available for selection to add the BOM items (product’s parts). Enter the product’s (part) info and click  button to add the product into the BOM list for product assembly.

8. On **“Assigned Branches”** tab, a default branch (e.g. HQ) has been automatically assigned for the new product. To assign another branch for the product, select available branch from the bottom left table and click  button in middle of screen

9. Click on **“Notes / Attachments”** tab at the middle of screen to add notes or files attachment for the product

10. On **“Stock”** tab, the stock’s availability in different warehouses and movement such as **“Stock Transfer”** will be updated automatically once there is any movement to the product’s inventory.

Product Details from all warehouses									
WH # A	Warehouse	On Hand Qty	Reserved Qty	Staging Qty	Unusable Qty	Available Qty	In-Transit Qty	Unit Cost	Total Cost
CH01	Chilled WH-Logical	27				27		\$0.750000	\$20.25
