

Create Product

The purpose of this application is to allow the user to create products in the system for sales and inventory controlled.

1. Click on Inventory tab/Masters/Products/Product Details tab to add new product item
2. Fill in the product item's information. Textfields marked with "x" are mandatory.
3. Click "Save" button to save progress
4. Click "Confirm Product"

The screenshot displays the 'Create Product' application interface. The sidebar on the left contains navigation options: Warehouse, Account Settings, Products (highlighted with a red box), Product Groups, Product Standard Cost, Unit Of Measurement, Shipping Methods, Inco Terms, Provision Scheme, Customs Duty, Containers, Inbound, Receipt Order, Advance Shipment Notice, Goods Receipt, Customer Returns, Putaway, Inventory (highlighted with a red box), Supply Chain, Logistics, Inventory Reports, Project, PDS, and Reports. The main area shows the 'Product Details' form with fields for Part Number, Wmo Code, Product Name, Product Type, UOM, Category, Bag Code, HS Code, Customs Duty, Product Brand, Market Category, Trade Type, Country of Origin, Length (cm), Width (cm), Height (cm), Weight (kg), Available From, Discontinue From, Replacement For, and Description. The 'Save' button is highlighted with a red box. The 'Product Pricing Details' section at the bottom shows a table with columns for List Code, List Name, Currency, List Price, and Type.
