

# Customer Product Mapping

The customer product mapping allows user to create mapping scheme to associate customer's products' numbers with company's products' numbers. Below actions are available under **"Customer Product Mapping"**:

-  Create new customer product mapping scheme; update, delete, view and search for customer product mapping details.

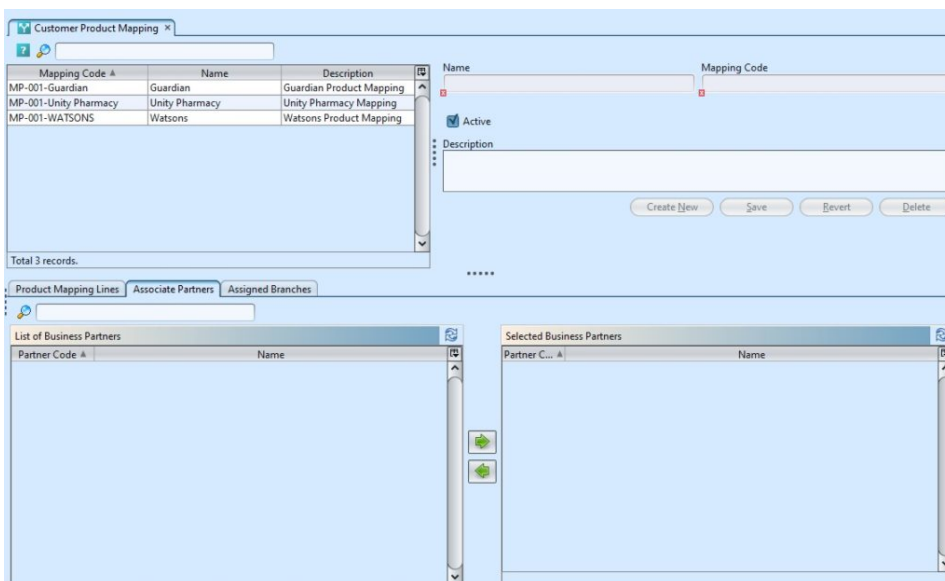

The screenshot displays the 'Customer Product Mapping' application interface. At the top, there is a search bar and a list of mappings. The list contains three records:

Mapping Code	Name	Description
MP-001-Guardian	Guardian	Guardian Product Mapping
MP-001-Unity Pharmacy	Unity Pharmacy	Unity Pharmacy Mapping
MP-001-WATSONS	Watsons	Watsons Product Mapping

Below the list, there is a 'Total 3 records' indicator. To the right, a detailed view of a selected mapping is shown, including fields for 'Name' and 'Mapping Code', an 'Active' checkbox, and a 'Description' text area. At the bottom of this view are buttons for 'Create New', 'Save', 'Revert', and 'Delete'.

Below the detailed view, there are tabs for 'Product Mapping Lines', 'Associate Partners', and 'Assigned Branches'. A filter dropdown for 'Product Brand' is set to '< Select All >'. Below this is a table with columns: 'Product#', 'Product Name', 'Customer Product#', 'Customer Product Uom', 'Minimum Order Qty', and 'Order Pack Qty'. The table is currently empty.

At the bottom left, there is a dropdown menu for 'Both Active / Inactive Products'.

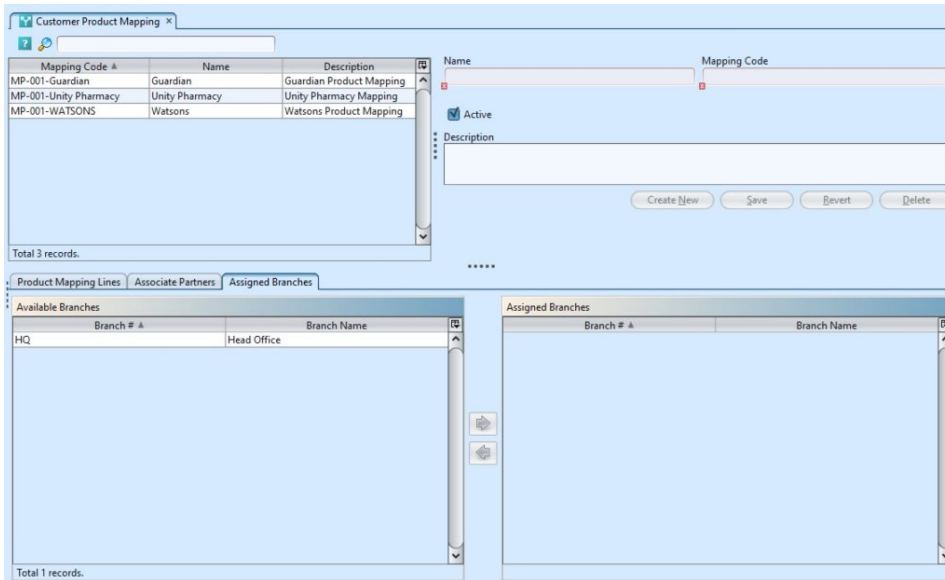

This screenshot shows the 'Customer Product Mapping' application interface with the 'Associate Partners' tab selected. The top section is identical to the previous screenshot, showing the list of mappings and the detailed view of a selected mapping.

Below the detailed view, the 'Associate Partners' tab is active. It contains two tables:

- List of Business Partners:** A table with columns 'Partner Code' and 'Name'. It is currently empty.
- Selected Business Partners:** A table with columns 'Partner C...' and 'Name'. It is also currently empty.

Between the two tables, there are two green arrows pointing right, likely used for moving items between the lists.

Field Name	Description	Mandatory Information
Name	Name of the customers product mapping	Y
Mapping Code	Custom code for the customer product	Y
Description	Description	N

## Create New Customer Product Mapping Scheme

1. Click **“Create New”** button at the right side of screen, it will create new form for the scheme

2. Fill up customer product mapping’s information on top right of screen

3. Click **“Save”** button at the right side of screen

4. Filter the products list by selecting a brand from **“Product Brand”** drop-down list. Add product into the customer product mapping scheme by searching for the product from the product number drop-down list in the table on **“Product Mapping Lines”** tab

5. Enter the product’s **“Customer Product#”** and **“Customer Product Uom”** info and click **“+”** button to add the product into the customer product mapping scheme

6. Repeat steps 4-5 to add more products into the customer product mapping scheme

7. On **“Associate Partners”** tab, assign business partners for the customer product mapping scheme by selecting available partner(s) from the bottom left table and click **“→”** button in middle of screen. Hold Ctrl or Shift key then mouse left-click to select multiple partners

8. On **“Assigned Branches”** tab, a default branch (e.g. HQ) has been automatically assigned for the new customer product mapping. To assign another branch for the customer product mapping, select available

branch from the bottom left table and click  
" " button in middle of screen

9. Click **"Save"** button at the right side of screen when done

## Update Customer Product Mapping Details

1. Click on customer product mapping scheme to be updated, it will show the selected customer product mapping details on top right of screen
2. Click **"Save"** button at the right side of the screen when done with the updates

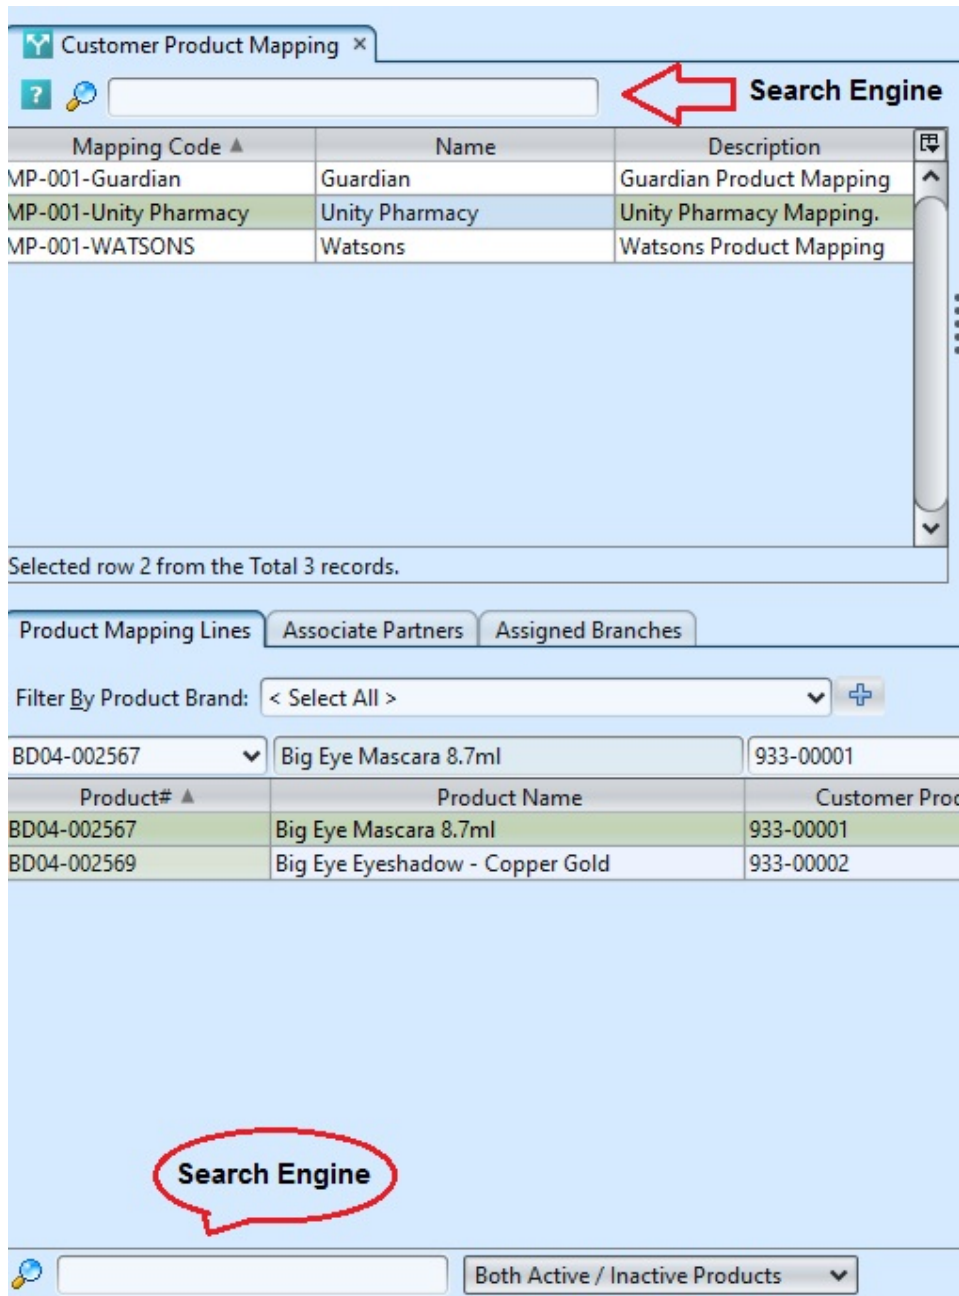

## Delete Customer Product Mapping Scheme

1. Click on customer product mapping scheme to be deleted, it will show the selected customer product mapping details on top right of screen
2. Click on **"Delete"** button at the right side of screen
3. Click on **"Yes"** button on the pop-up window to confirm customer product mapping scheme deletion

## View and Search for Customer Product Mapping Details

1. On top left of screen enter search parameter to filter the result, i.e. type in the customer product mapping code in the search textfield box

2. Result can be sorted alphabetically by clicking the fields' columns

3. Double click on customer product mapping scheme to view full details of the scheme, it will bring up the details on the screen

4. On bottom left of screen enter search parameter to filter the **"Product Mapping Lines"** result, i.e. type in the customer product number in the search

textfield box
