

Sell Out Store

Sell Out Store is a store of agent / distributor who buys products from the company and sell them to other stores / customers e.g in a franchise / consignment operation; user can create records of stores in GOOMI for customers which manage offtake store sales (sales from retailers to the customers).

Sell Out Store will create links between the following:

- Warehouse
Warehouse that was defined as “**Consignment Type**” (see **Inventory – (Masters) Warehouse**)
- Main Customer
Customer that was assigned to the selected Warehouse above and “**Manage Store Sales**” (see **Accounts – (Masters) Customers**)
- Delivery Location
Delivery location that was defined in the selected Main Customer above (see **Accounts – (Masters) Customers**)

Below actions are available under “**Sell Out Store**”:

 Create records of sell-out stores for customers which manage offtake store sales

 Update, delete, view and search for sell-out store details
