

Trading Terms

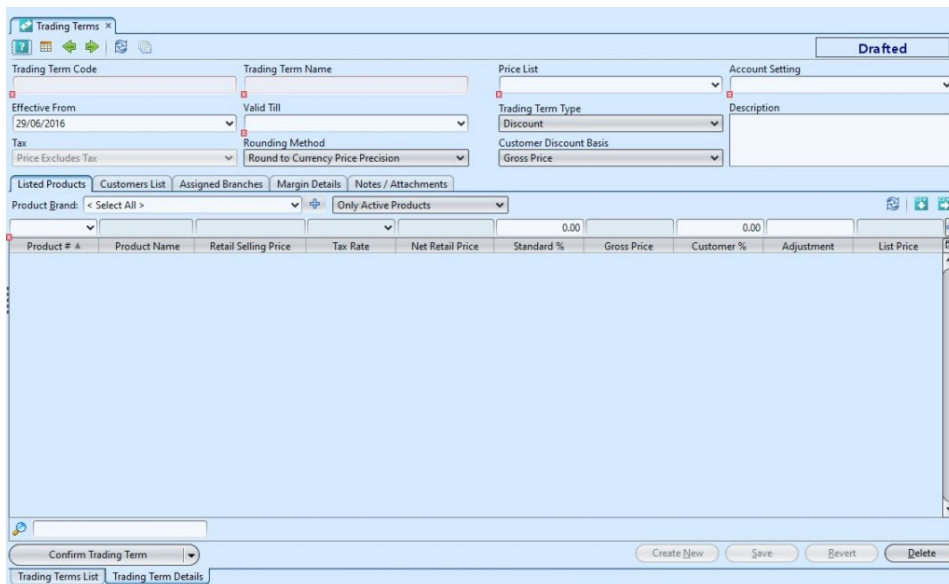

The trading terms are used to allow the business to keep track of trading terms to use in relation to the buyer. Below actions are available under **“Trading Terms”**:

 Create new trading term; update, delete, view and search for trading term details

This screenshot shows the 'Trading Terms List' interface. It features a table with columns for Trading Term Code, Trading Term Name, Effective From, Valid Till, Price List #, Price List Name, Currency, and Status. The table contains 17 records, including terms like 'Brunos Finest TT/Watson', 'Loacker Trading Term 1', and 'TT-001-GUARDIAN'. At the top, there are filters for Year (Year 2016), From, and Till. A 'Create New Trading Term' button is in the top right. At the bottom, there is a search bar, a '< Select All >' button, and a 'Total 17 records.' indicator.

This screenshot shows the 'Trading Term Details' interface. It includes fields for Trading Term Code, Trading Term Name, Price List, and Account Setting. There are also fields for Effective From (29/06/2016), Valid Till, Trading Term Type (Discount), and Description. A 'Tax' section includes Price Excludes Tax and Rounding Method (Round to Currency Price Precision). Below these are tabs for Listed Products, Customers List, Assigned Branches, Margin Details, and Notes / Attachments. A 'Product Brand' dropdown is set to '< Select All >'. A table shows product details with columns: Product #, Product Name, Retail Selling Price, Tax Rate, Net Retail Price, Standard %, Gross Price, Customer %, Adjustment, and List Price. At the bottom, there are buttons for Confirm Trading Term, Create New, Save, Revert, and Delete.

Product #	Product Name	Retail Selling Price	Tax Rate	Net Retail Price	Standard %	Gross Price	Customer %	Adjustment	List Price

Create New Trading Term

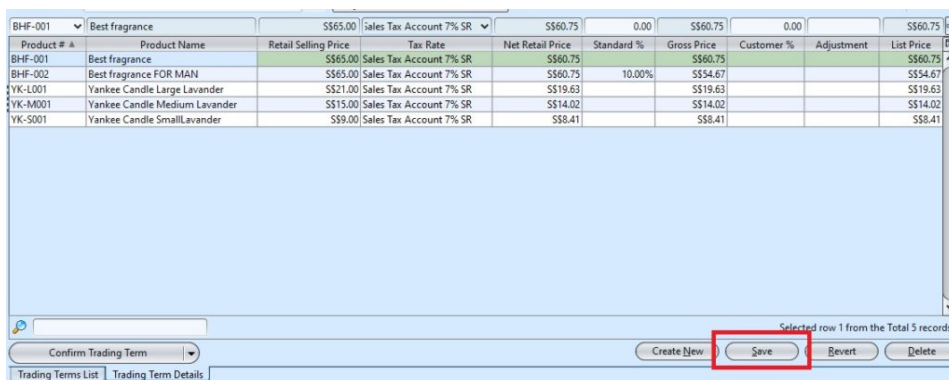

1. Click **“Create New Trading Term”** at the top right side of **“Trading Terms Lists”** tab, it will open **“Trading Term Details”** tab with new form

2. Fill up trading term's information on top of screen, choose a sales price list from the **“Price List”** drop-down list. This sales price list will be use as the trading term's products' **“Retail Selling Price”**

3. Click **“Save”** button at the bottom right side of screen to save

4. Filter the products list by selecting a brand from **“Product Brand”** drop-down list. Add product into the trading term by searching for the product from the

product number drop-down list in the table on **"Product List"** tab. Ensure the product is not listed in other trading terms during the same period for the same customers list

5. Enter the product's **"Standard %"** discount, **"Customer %"** discount, and **"Adjustment"** info (if any) and click  button to add the product into the trading term. **"Net Retail Price"**, **"Gross Price"**, and **"List Price"** for the product will be automatically calculated

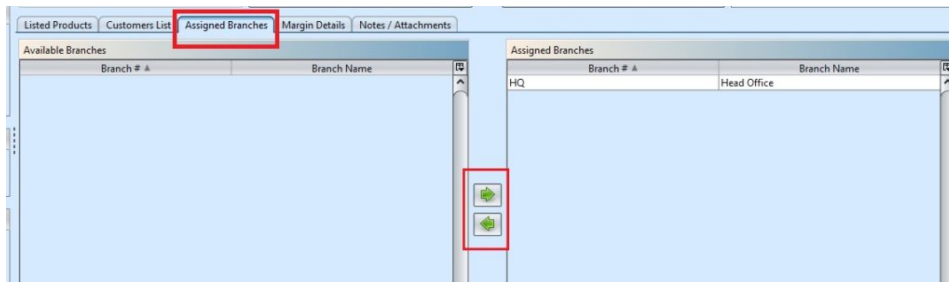

Listed Products Customers List Assigned Branches Margin Details Notes / Attachments									
Product Brand: < Select All >		Only Active Products							
BHF-001	Best fragrance	\$565.00	Sales Tax Account 7% SR	\$560.75	0.00	\$560.75	0.00		\$560.75
Product #	Product Name	Retail Selling Price	Tax Rate	Net Retail Price	Standard %	Gross Price	Customer %	Adjustment	List Price
BHF-001	Best fragrance	\$565.00	Sales Tax Account 7% SR	\$560.75		\$560.75			\$560.75
BHF-002	Best fragrance FOR MAN	\$565.00	Sales Tax Account 7% SR	\$560.75	10.00%	\$54.67			\$554.67
YK-L001	Yankee Candle Large Lavander	\$521.00	Sales Tax Account 7% SR	\$519.63		\$519.63			\$519.63
YK-M001	Yankee Candle Medium Lavander	\$515.00	Sales Tax Account 7% SR	\$514.02		\$514.02			\$514.02
YK-S001	Yankee Candle Small Lavander	\$59.00	Sales Tax Account 7% SR	\$58.41		\$58.41			\$58.41

6. Repeat steps 4-5 to add more products into the trading term

User can enter list price for multiple products of the same brand. Click on  button next to **"Product Brand"** filter, it will show new window to create / update price list. Select a product brand from the list, select a product from the table to create / update the **"List Price"**, enter the **"List Price"** value and press ENTER key. Click **OK** button when done and to close the window.

7 On **"Customers List"** tab, assign business partners for the trading term by selecting available partner(s) from the bottom left table and click  button in middle of screen. Hold Ctrl or Shift key then mouse left-click to select multiple partners

8. On **"Assigned Branches"** tab, a default branch (e.g. HQ) has been automatically assigned for the new trading term. To assign another branch for the trading term, select available branch from the bottom left table and click  button in middle of screen

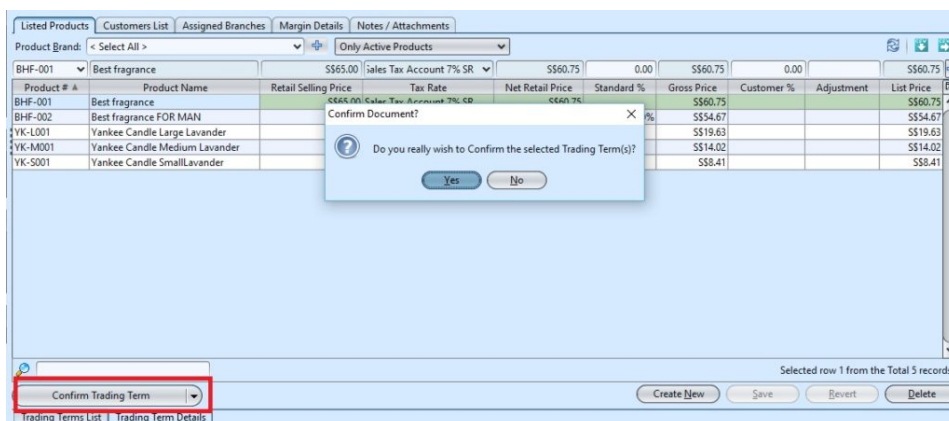

9. On **"Margin Details"** tab, the products' **"Margin Amount"** and **"Margin %"** were automatically calculated based on the trading term new **"List Price"**

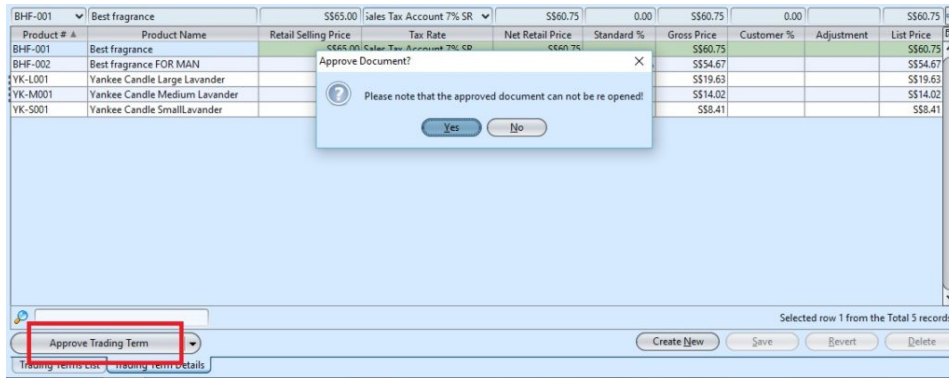

Product #	Name	List Price	Unit Cost	Margin Amount	Margin %
BHF-001	Best fragrance	\$560.75			0.0%
BHF-002	Best fragrance FOR MAN	\$554.67			0.0%
YK-L001	Yankee Candle Large Lavander	\$519.63	\$511.446667	\$8.18	41.67%
YK-M001	Yankee Candle Medium Lavander	\$514.02	\$58.175556	\$55.84	41.65%
YK-S001	Yankee Candle Small Lavander	\$58.41	\$4.906111	\$53.50	41.62%

10. Click **"Save"** button at the bottom right side of screen to save

11. Click **"Confirm Trading Term"** button at the bottom left side of screen and click **"Yes"** button to confirm

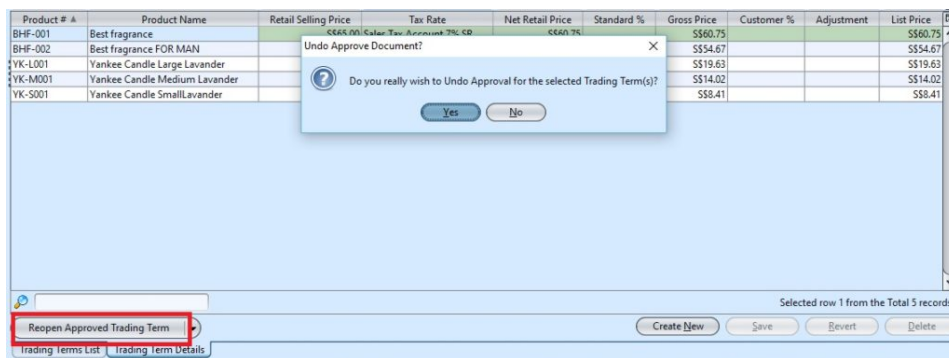

12. Click **"Approve Trading Term"** button at the bottom left side of screen and click **"Yes"** button to approve the trading term

Update Trading Term Details

1. Double click on trading term to be updated, it will bring up the selected trading term details on the **"Trading Term Details"** tab. If a trading term's status is **"Confirmed"** or **"Approved"**, right click on the trading term and **reopen** the trading term first

2. Click **"Save"** button at the bottom right side of the screen to save
3. Click **"Confirm Trading Term"** button at the bottom left side of screen and click **"Yes"** button to confirm
4. Click **"Approve Trading Term"** button at the bottom left side of screen and click **"Yes"** button to approve the trading term

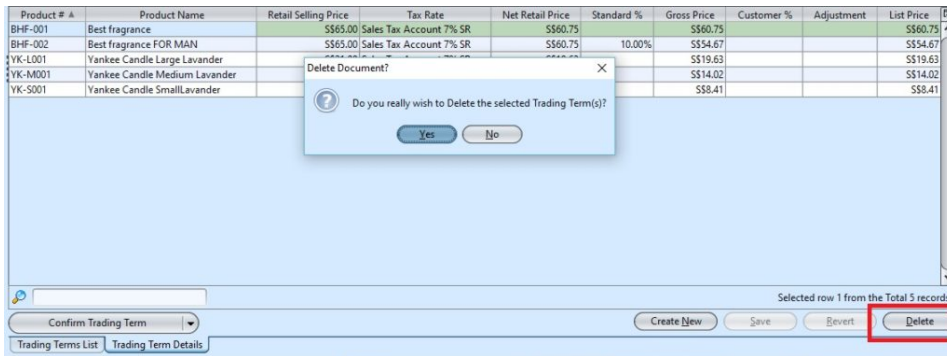

Delete Trading Term

1. Double click on trading term to be deleted, it will bring up the selected trading term on the

"Trading Term Details" tab. If a trading term's status is **"Confirmed"** or **"Approved"**, right click on the trading term and reopen the trading term first

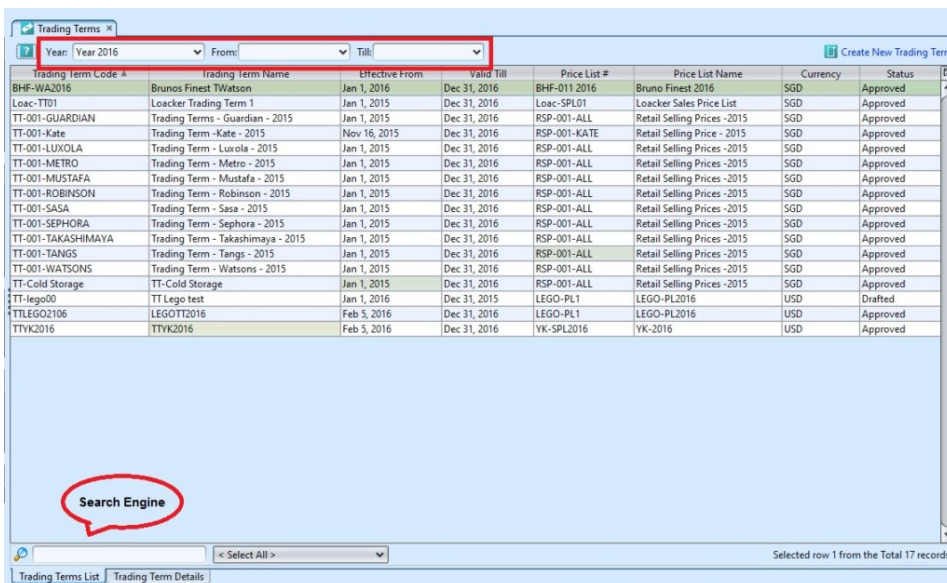

2. Click on **"Delete"** button at the bottom right side of screen

3. Click on **"Yes"** button on the pop-up window to confirm trading term deletion

View and Search for Trading Term Details

1. On **"Trading Terms Lists"** tab enter search parameter to filter the result, i.e. type in period of the trading term in the "From" & "Till" textfield boxes or select from drop-down lists

2. Result can be sorted alphabetically by clicking

the fields' columns
